PROFILE SUMMARY

I am a motivated and diligent Software Engineer currently pursuing a B.Tech. in Computer Science and Engineering. Possessing a strong foundation in computer science principles and programming languages. Eager to leverage academic knowledge and practical skills to contribute effectively to real-world challenges.

KEY SKILLS

Web Development Backend ReactJs JavaScript Django Python SQL PostgreSQL MongoDB
REST APIs Docker Linux Socket programming FastAPI

EDUCATION

- Mother Divine Public School , Rohini Sector-3, New Delhi, Delhi, India 2020
SSC | CBSE| Percentage: 79.4
- Mother Divine Public School , Rohini Sector-3, New Delhi, Delhi, India 2022
HSC | CBSE| Percentage: 82.6
- Dr. Vishwanath Karad MIT World Peace University (MIT-WPU), Pune, Maharashtra, India 2022 – Present
Undergraduation | Bachelor of Technology in Computer Science Engineering| CGPA: 7.63

PROJECTS

- DMS - Document Management System for Research
ExpressJS NodeJS ReactJS MongoDB AWS S3 Figma
Established a comprehensive and persistent faculty database to ensure uninterrupted access to faculty information at all times. The system is live and actively used by the college community, faculty members to showcase their academic achievements, including publications, conferences, guest lectures, FDPs, patents, awards, and projects.
- Eversure Medical Products Website
Semaphores& Mutexes POSIX Threads
Built a responsive and scalable product showcase website for Polybond India's *Eversure* brand using the MERN stack (without a database due to static content requirements). Implemented dynamic routing, reusable components, and interactive UI elements with React. Ensured fast load times, mobile responsiveness, and SEO-friendly structure to support business needs.
- Chat Summarization & Insights API
Cohere LLM API FastAPI
Built a full-stack application using FastAPI, MongoDB, and Streamlit to ingest and summarize real-time chat conversations. Integrated Cohere LLM API to generate conversation summaries and sentiment insights. Deployed using Docker and Render with full REST and WebSocket support.

ACHIEVEMENTS AND AWARDS

Received 1st prize in team project category at CSI (Computer Society of India), Mumbai

INTERESTS

Badminton Player

Creating Art

PERSONAL INFORMATION

DOB: Sep 12, 2004

Gender: Male

Marital Status: Unmarried

Spoken Languages: English, Hindi

Residential Address: Delhi, India
